Re: Weiss v. Weiss  
Action for Divorce

Dear Mr. Cohn:

I have been informed that the oldest child Shaindy Weiss will be attending overnight camp in the Catskills. Moishe told me that he would also like to attend overnight camp in July and spend August in Montreal with his mother and siblings. Ms. Weiss advised that there is no day camp available for Moishe's age group in Williamsburg. The only option for Moishe is overnight camp.

In addition, there would be no family or friends for the children to play with as the custom in my clients' community is to spend the summer months in the Catskills.

I have been informed by Ms. Weiss that she would like to spend the summer months with the children in Canada. They would have the option of attending day camp in Montreal.

It is my understanding that Ms. Weiss plans to bring the children to New York for the weekends that your client is scheduled to have visitation.

I am advised that the children do not have their Passports. It is my understanding that your client agreed to allow the children to travel to Canada. However, without Passports they are unable to do so. I am unsure why your client refused to sign the appropriate application in order for them to obtain Passports. Resolving this issue is long overdue. Please have your client arrange to have the application signed.

Given the fact that the current school calendar year is ending, it is imperative that your client resolve the summer vacation plans of the children. I certainly have no objection for the children to spend the summer months in Canada.

Thank you in advance for your prompt attention to this matter.

Very truly yours,
